# IRISH SODA BREAD RECIPE

### Ingredients

- 4-4½ cups flour
- 1 Tbsp. sugar
- 1 tsp. salt
- 1 tsp. baking soda
- 4 Tbsp. butter
- 1 cup currants or raisins
- 1 large egg, lightly beaten
- 1¾ cup buttermilk

### Directions

- Preheat oven 425°F. Whisk together 4 cups of flour, sugar, salt, and baking soda into a large mixing bowl.
- Using your fingers, work the butter into the flour mixture until it resembles coarse meal. Add currants or raisins.
- Make a well in the center of the flour mixture. Add beaten egg and buttermilk to well and mix in with a wooden spoon until dough is too stiff to stir.
- Dust hands with a little flour, then gently knead dough in the bowl just long enough to form a rough ball. If the dough is too sticky to work with, add in a little more flour. Do not over-knead!
- Transfer dough to a lightly floured surface and shape into a round loaf. The dough will be a little sticky and quite shaggy.
- Transfer dough to a large, lightly greased cast-iron skillet or a baking sheet.
- Using a serrated knife, score top of dough about an inch and a half deep in an "X" shape.
- Bake 35-45 minutes or until bread is golden.
- Remove pan or sheet from oven. Let bread sit in the pan or on the sheet for 5-10 minutes, then remove to a rack to cool briefly. Serve bread warm, at room temperature, or sliced and toasted.
